

QUALITY COMPLIANCE TEAM MANUFACTURER APPROVAL PROGRAM

BRECON'S QUALITY PHILOSOPHY

Brecon Foods is committed to providing high quality, safe foods; we are at the forefront of offering a Foreign Supplier Verification Program (FSVP).

Our **Quality Compliance Team (QCT)** is passionate about their **Manufacturer Approval Program (MAP)** that ensures food safety controls are implemented throughout the supply chain, from the sourcing of non-GMO seed to the timely delivery of finished products – **each and every step along the way.**

BRECON'S MAP GUIDES OUR MANUFACTURING PARTNERS TOWARDS SOLUTIONS TO ACHIEVE OPTIMAL QUALITY, SAFETY AND COMPLIANCE RESULTS.

HOW BRECON'S **MAP**™ WORKS FOR YOU

QUALITY * SAFETY * SOLUTIONS™

FOOD QUALITY MAP

Evaluates each facility's ability to meet or exceed pre-defined quality parameters; including those specific to each destination and client. A score is given based on quality compliance throughout the process. Brecon's QCT works with our partners to ensure every load meets industry, microbiological, documentation and transportation standards.

FOOD SAFETY MAP

Assesses manufacturer's food safety procedures through on-site visits, documentation, and audits. Food defense is evaluated ensuring security throughout the supply chain. A score is given based on the application of food safety controls. Brecon's QCT will present the manufacturers with a corrective action plan, working as partners to ensure maximal food safety standards are being applied.

GLOBAL SOLUTIONS MAP

Brecon's QCT are PCQI certified and well versed in world-wide regulatory food safety standards including FSVP requirements. MAP ensures regulatory compliance by validating processing facility standards, sanitation procedures, and documentation requirements. Brecon's QCT ensures solid Food Safety Plans are in place, working as partners to ensure FSMA compliant plans are achieved for US imports. We are committed to ensuring all our manufacturer partners meet the highest standard.

**Brecon's MAP eases the burden
of meeting compliance requirements
by providing solutions.**

**Our quality compliance team
never stops working for you from time
of contract to delivery at your door.**
